Grumpy Joe's Folding Stages

Grumpy Joe's Folding Stages have been designed to provide flexibility with the option to add and stack additional units to meet the size and height requirements of our customers.

The folding steel frames are available as 8ft x 4ft or 4ft x 4ft units at either 1ft, 2ft or 3ft high.

Strong and robust in use but easily folds flat for handling and storage.

Stages can easily be transported and installed by one person.

Stage units can be stacked using locating pegs to increase the height as required.

Frames are powder coated black. 18mm exterior plywood tops with six locating blocks beneath are painted matt black. Carpeted tops can be supplied as an extra. Our multipurpose trolley holds up to ten folding stages.

Rostra are simply pushed together to form stages and catwalks as required. Cable ties can be used to fix frames together if required.

Pleated black fireproof Bolton Twill drapes are available in 4m (13ft) lengths to drape the stage frames and are supplied with self adhesive velcro pads.

Stage tops use 18mm exterior grade plywood with locating blocks beneath to prevent any movement and make the unit secure and rigid.
